## Programme

- 10.00 AM : Welcome address by **Mr. R. Balasubramanian**  
Chairman, ISLE, Chennai State Centre.
- 10.05 AM : Inaugural address by **Mr. Dilip Kumbhat**  
CEO, K-Lite Industries & Vice President, ISLE
- Session I : Chairman **Dr. P. Barjatia, Director**  
MIT Lighting Research Academy - Pune
- 10.15 AM : Inaugural Lecture **Dr. P. Barjatia**
- 11.00 AM : Tea Break
- 11.15 AM : **Understanding Light** - Perception of light in spatial context  
**Mr. Kaustubh Nandurbarkar**  
Founder Director - Vertices consultants pvt. ltd. Pune
- 12.00 Noon : **Solid State Lighting**: New possibilities and application  
**Mr. Senthil Kumar Madasamy**, FAE Manager, CREE.
- 01.00 PM : **Efficient LED drivers** for the local market  
**Mr. Gajanan Inamdar**, Head R&D, BAG Electronics.
- 01.40 PM : Lunch break
- Session II : Chairman **Mr. B. S. Praveen**  
**M.D & CEO/ BAG Electronics**
- 02.15 PM : **Day Light Harvesting in Lighting Design**  
**Ar. Suny Akber**  
Architect and Principal Designer - FOAID Design Studio
- 03.00 PM : Tea Break
- 3.15 PM : **Recreation Lighting** - Malhar Machi mountain resort  
**Mr. Abhijit Shivajirao Salunke**,  
Light and Visual Artist, Pune.
- 4.00 PM : **Architectural Lighting** - Basic Concepts  
**Mr. Pramod Chaugule**  
MD / Chagule Patil Consultants, Sangli.
- 4.45 PM : Vote of Thanks  
**Mr. T.M. Ilamathi**, Secretary, ISLE,  
Chennai State Centre.

### Program Objective

Provide a one day seminar on “LIGHTING DESIGN - Prospects and Perspectives” for the lighting professionals during the Light Show 2013, organised by K-Lite Industries, who are the sponsors for this free participation program. The seminar is designed to increase attendees’ knowledge and awareness of the present day expectations in regard to lighting design and green lighting concepts.

### About the Seminar

The organisers of the event, the Indian Society of Lighting Engineers (ISLE) is a professional registered body in the field of illumination engineering with a broad based membership of scientists, engineers, architects, academicians, researchers and designers.

The major objectives of ISLE is to promote the art, science and practice of illumination engineering services as associated with built and open environment for the benefit of the public in general. In line with the above objectives, this seminar has been organised. An opportunity has also been created for exposure and hands on experience to the participants about the basic Lighting design concepts at the Light Show 2013 organised by K-Lite Industries.

### Session Chairmen

#### Dr. Prakash Barjatia

Director, MIT School of Energy & Lighting, Pune. Technical Expert for Lighting Projects at TUV Rheinland (China) Ltd.,China, Member, Governing Body (2011-15) at Indian Society of Lighting Engineers. Dy. Director (Scientist-E) at Central Institute of Road Transport, Pune. Lead Assessor, National Accreditation Board for Testing & Calibration Laboratories (ISO/IEC 17025) - Ministry of Science & Technology.

#### B.S. Praveen Kumar

Presently, the Managing Director and CEO of BAG electronics (India) Private Limited Pune. His specialties are: Electronics manufacturing, Lighting industry, Automotive, Power, Manufacturing sectors. Techno-commercial, Project Management, General Management.

### Faculty Profile

#### Kaustubh Nandurbarkar

A founder director at “Vertices consultants Pvt. Ltd.” Qualified in interior architecture and principal designer with many design firms. Lighting design consultant and research analyst for various retail and manufacturing sectors. Visiting faculty and jury member for educational institute for their design program.

#### Senthil Kumar Madasamy

Currently working as FAE Manager at CREE and assists lighting manufactures in South Asia, developing LED luminaires with CREE LEDs. Extensive work experience in the field of optics and lighting. Worked at BARC for four and a half years in developing optical components and subsequently in GE Lighting. He spent three years in Germany working for Novaled AG. He has more than 11 publications in international journal. He holds a Masters degree in Applied Optics from IIT Delhi.

#### Gajanan Inamdar

He is an Electronics Engineer with 25 years of experience in Product Development and R&D of Electronic products such as SMPS, Electronic Ballasts, LED drivers etc. He is presently heading the research and development in BAG Electronics, Pune.

#### Suny Akber

Post graduate in Architecture with specialisation in real estate design. Director and Principal designer in FOAID Design Studio in Chennai. Practicing Architect and consultant for Lighting Design for many projects in city. Conducted many lighting design courses for the students of Architecture and Interior Design.

#### Abhijit Shivajirao Salunke

Owns an independent Lighting Design Studio “Beuno Lighting Design” which does creative Lighting for indoor and outdoor spaces. As lighting partners with the Architects and Interior Designers, the team at Beuno Lighting was part of 11 Architecture, Interior award winning projects. Amongst other, he regularly conducts workshops for colleges in Pune and also published a series in “Home Lighting” for 50 weeks for the newspaper Daily Sakaal. Their projects, write ups have been featured in most Architectural and Design magazines, journals.

#### Pramod Chaugule

The Managing Director Architect Pramod Chaugule is an architectural graduate from Mumbai University (1985). Practicing in Pune and Sangli since last 30 years, keenly following fundamentals of Green and vernacular architecture in each and every projects. Designing eco-friendly structures is his passion and giving society a lot on environmental issues through lectures, seminars, workshops and presentations. Actively participate in social work through several NGOs

### About ISLE

Indian Society of Lighting Engineers (ISLE) is a professional registered body in the field of illumination engineering with a broad based membership of scientists, engineers, architects, academicians, researchers and designers. ISLE is affiliated to the CIE, the International Commission on Illumination. ISLE is closely associated with the Bureau of Indian Standards, the Department of Science and Technology, the Ministry of Power and the Ministry of Non conventional Energy Sources.
